

CHRISTIAN COLLEGE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai)

ANNUAL REPORT 2022-2023

ABOUT THE FOUNDER

The college was established in the year 2001 by Late. Padmabhushan. Dr. Jacob Cherian and Dr. (Mrs.) Mary Cherian who was a pioneer in the field of Medicine, who took up the cause for the noble mission of serving the rural community and imparting value-added education. The Engineering College was the last to be started by them though the other mission work in the field of health, development, and education dates back half a century.

The Engineering College was started in this rural area because of the founders' strong desire for inculcating technical education for the poor and needy of the rural backward class. Intending to empower the rural youth, the college stands as an epitome of service and quality education

ABOUT THE MANAGEMENT

Christian College of Engineering and Technology was established in the year 2001 by the Christian Education, Health and Development Society and our society has been carrying the great legacy that it embodies the spirit of selfless service and the spirit of encouragement and enthusiasm to work tirelessly for empowerment of society through education and to help the oppressed, depressed and downtrodden people of the society. The role of the management is remarkable and they are our stimulating factors for all endeavors and Success.

PREAMBLE

At the time of its inception in 2001, the college offered 3 courses namely B.E ECE, CSE, and B.Tech IT. In 2005 B.E in EEE and in the year 2009 B.E in Mechanical and Civil was started. In 2023 B.Tech Artificial Intelligence and Data Science and B.Tech Agricultural Engineering, In 2011 a PG course named M.E in Applied Electronics was started. Along the way in 2013, ME courses in Computer Science and Engineering (CSE), Power Electronics and Drives (PED), and in 2014, M.E in Manufacturing Engineering (ME) and Construction Engineering and Management (CEM) were introduced. In 2018 Ph.D in Mechanical Engineering. There has been a steady growth in intake right since its inception, and a spectacular improvement is being witnessed.

CHRISTIAN COLLEGE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai)

To summarize, this day the college offers 8UG courses and 5PG courses in Engineering and we further assure the society that more courses will be introduced in the future to show our gratitude and inclination to serve the general public with all earnestness, for all your invaluable support and faith you have reposed in us thus far.

In total, the college as of date has a student strength of 842. In the next two years, we would like to see more divine faces whose number would grow beyond 1000.

Books are the source of information, knowledge, and wisdom and they are the mirrors of the world. In helping the students in their pursuit of acquiring greater knowledge, our college library presently has a collection of 3608 titles, 26981 volumes, 32 national and international journals, 132 e-journals (DELNET), and— 2 newspapers.

The faculty members are the backbone of any institution. Their roles and responsibilities are very much closely tied to the central functions of higher education, our college management has understood this fully, and they have been acting very positively in fulfilling this requirement. Our college has faculty strength of 87, of which 59 are teaching faculty, 28 are non teaching staff. Out of 59 teaching faculties, 15 have completed a Ph.D. And 14 are pursuing their research. The college proposes to further expand our research activities by inducting more PhDs into its faculty.

Our management has been striving hard to develop a center of excellence in every department and with 5 PG departments; the college research has been given a fillip in the way of establishing the Entrepreneurship Development Cell.

To help slow learners, we conduct remedial classes and special computer training courses. For students to understand subtle nuances of subject materials, Bloom's taxonomy is followed which categorizes thinking skills ranging from recalling information, the most basic skill, to evaluation, which involves judging and stating an opinion about the information.

CHRISTIAN COLLEGE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai)

PLACEMENTS

The institution recorded a 68.8% placement rate, with 95 out of 138 students successfully placed in reputed companies through campus recruitment initiatives.

List of students placed in various companies

Sports meet on 11th and 12th December 2022

MARATHON

A marathon “**Global Grace Cancer Run - 2022**” in association with Global Cancer Foundation was organized at Christian College of Engineering Oddanchatram on 09/10/2022 to promote early detection of cancer. The event was headed by Chairman Dr. Pradeep Tom Cherian and inaugurated by DSP Dr. Murugesan. The primary goal of the marathon was to raise awareness about the importance of detecting cancer at an early stage. First prize won by Pounraj, fourth year IT, Second prize by Glodson, fourth year IT and Third prize won by Vinothini of third year EEE.

We nurture not only the material education but also the complete education by which we mean to say that we don't just mean to make our students to be successful in leading worldly life but to make them understand how to draw out the best in them- body, mind, and spirit. With the kind of talent, dedication, generosity, and commitment shown by management, faculty, staff, students, and parents, I today humbly feel that our college has an assured future.
