ANNUAL REPORT 2024-2025

ABOUT THE FOUNDER

The college was established in the year 2001 by Late. Padmabhushan. Dr. Jacob Cherian and Dr. (Mrs.) Mary Cherian who was a pioneer in the field of Medicine, who took up the cause for the noble mission of serving the rural community and imparting value-added education. The Engineering College was the last to be started by them though the other mission work in the field of health, DECElopment, and education dates back half a century.

The Engineering College was started in this rural area because of the founders' strong desire for inculcating technical education for the poor and needy of the rural backward class. Intending to empower the rural youth, the college stands as an epitome of service and quality education

ABOUT THE MANAGEMENT

Christian College of Engineering and Technology was established in the year 2001 by the Christian Education, Health and DECElopment Society and our society has been carrying the great legacy that it embodies the spirit of selfless service and the spirit of encouragement and enthusiasm to work tirelessly for empowerment of society through education and to help the oppressed, depressed and downtrodden people of the society. The role of the management is remarkable and they are our stimulating factors for all endeavors and Success.

PREAMBLE

At the time of its inception in 2001, the college offered 3 courses namely B.E., ECE, CSE, and B.Tech IT. In 2005 B.E in EEE and in the year 2009 B.E in Mechanical and Civil was started. In 2023 B.Tech Artificial Intelligence and Data Science and B.Tech Agricultural Engineering, In 2024 B.E Artificial Intelligence and Machine Learning, In 2011 a PG course named M.E in Applied Electronics was started. Along the way in 2013, ME courses in Computer Science and Engineering (CSE), Power Electronics and Drives (PED), and in 2014, M.E in Manufacturing Engineering (ME) and Construction Engineering and Management (CEM) were introduced. In 2018 Ph.D in Mechanical Engineering. There has been a steady growth in intake right since its inception, and a spectacular improvement is being witnessed.

To summarize, this day the college offers 9 UG courses and 5 PG courses in Engineering and we further assure the society that more courses will be introduced in the future

CHRISTIAN COLLEGE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai)

to show our gratitude and inclination to serve the general public with all earnestness, for all your invaluable support and faith you have reposed in us thus far. In total, the college as of date has a student strength of 901.

Books are the source of information, knowledge, and wisdom and they are the mirrors of the world. In helping the students in their pursuit of acquiring greater knowledge, our college library presently has a collection of 4601 titles, 27277 volumes 50 National and International journals, 70 e-books, 395 e-journals (DELNET), and– 2 newspapers.

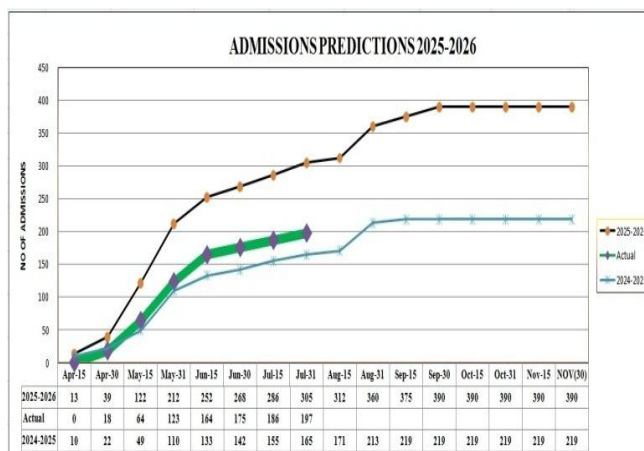

The faculty members are the backbone of any institution. Their roles and responsibilities are very much closely tied to the central functions of higher education, our college management has understood this fully, and they have been acting very positively in fulfilling this requirement. Our college has a faculty strength of 108, of which 76 are teaching faculty, 32 are non teaching staff. Out of 76 teaching faculties, 15 have completed a Ph.D. and 15 are pursuing their research. The college proposes to further expand our research activities by inducting more PhDs into its faculty.

Our management has been striving hard to develop a center of excellence in every department and with 5 PG departments; the college research has been given a fillip in the way of establishing the Entrepreneurship Development Cell.

To help slow learners, we conduct remedial classes and special computer training courses. For students to understand subtle nuances of subject materials, Bloom's taxonomy is followed which categorizes thinking skills ranging from recalling information, the most basic skill, to evaluation, which involves judging and stating an opinion about the information.

I congratulate 102 students (out of 174) and faculty members for the same. My special appreciation goes to the Placement team.

CHRISTIAN COLLEGE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai)

Placement Training program arranged

A placement training program was organized by DON BOSCO TECH SOCIETY, CHENNAI on 29/2/2024 at CCET for our final year students of CSE, ECE, IT & EEE for a period of 3 weeks.

INFRASTRUCTURE

- New labs like Soil Science lab and Tractors and Farms engine lab are set up for B.Tech.(Agricultural Engineering)
- Three special rooms at both hostels
- Canteen renovation
- Seminar hall, Library and Career Guidance Cell
- Stone bench in canteen gardening area
- Auditorium renovation

Details of Conference, FDP, Symposium conducted

S.No.	Date	Name of the conference	Organized by
1	15.08.2024	Independence day Celebration	Main block, CCET
2	21.08.2024 04.09.24- 17.09.24	Orientation Programme for I years Induction Programme for I years	Main block- Seminar Hall, CCET
3	05.09.2024	Teachers Day Celebration	Main block- Seminar Hall, CCET
4	13.09.2024	Engineer's Day Celebration	Seminar Hall, CCET
5	26.01.2025	Republic day celebration	Main block, CCET
6	28.02.2025	National Science Day	Seminar Hall, CCET
7	08.03.2025	International Women's Day	Seminar Hall, CCET
8	05/04/2025	National Conference on Recent Trends in Electrical, Communication, and Computer Engineering (NCRTECCE'2025)	Department of CSE, AIDS, IT, ECE, EEE

9	24/04/25	Webinar on “Special Types of Vehicles”	Department of AGRI
10	25/04/25	National Level Technical Symposium (Mind Spark)	Department of IT
11	03/05/25	National Conference on Emerging Technology Science and Engineering (NCETSE'25)	Department of CIVIL, MECH, AGRI & S&H
12	28/07/25	One Day Online FDP on "AI-powered Teaching and Research: Tools for the Next Generation Educators"	Department of CSE
13	28.07.2025 – 1.8.2025	Five days National Level Online FDP on Innovative Researching, Teaching and Learning Pedagogy”	Department of IT

CLUB ACTIVITIES

- Inauguration of the Wireless Vibes Club on 07/10/2024
- Inauguration of IOT Club on 18/10/2024
- Start of Python and Java boot camp on 30/08/2024
- Technical Quiz and Tech Treasure Hunt Programme was conducted on 26/10/24
- Science Fest celebration on 28/02/2025
- Inauguration of Agricultural Club on 29/8/2024
- Seed bed preparation and sowing on 10/3/2025
- Land Fencing on 16/6/2025
- Harvested (Brinjal and tomato) and Sold on 21/07/2025
- Department of Science and Humanities has conducted Literary, Science and Fine arts club activities on 27.04.2025 for first year students.

NAAC

National Assessment and Accreditation Council (NAAC) strongly believes that assuring and ensuring quality is largely the institution's own responsibility. NAAC's vision and mission statements reflect quality as an internal mechanism driving continuous improvement. NAAC's ultimate goal is to develop a quality culture wherein quality consciousness and striving for excellence will become powerful internal driving forces for colleges and universities. The overriding concern in quality assessment by NAAC is a means of understanding the Higher Education Institutions (HEIs) in a perspective through validation and performance evaluation of the various academic and administrative processes of the institution.

NAAC Self-Study Report (SSR) has two kinds of Metrics: one, those requiring quantifiable facts and figures as data which have been indicated as '*quantitative metrics*' (QnM); and two, those metrics requiring descriptive responses and are accordingly named '*qualitative metrics*' (QIM). Therefore, SSR consists of 7 criteria which represent the core functions and activities of a HEI. Under each Criterion, a few Key Indicators are identified. These Key Indicators (KIs) are further delineated as Metrics which actually elicit responses from the HEIs. Our college submitted Institutional Information for Quality Assessment (IIQA) on 4.4.2024 and got approved on 23.4.2024. Then, Self Study Report (SSR) was submitted on

24.6.2024. Later on, NAAC asked Data Validation and Verification (DVV) clarifications for Quantative metrics on 28.6.2024. Our College submitted the response for DVV clarifications on 13.7.2024 with all the supporting documents links from our college website. In addition, our college successfully completed the Students Satisfaction Survey of around 19.4% with positive feedback from our students. Next, Peer Team visit was scheduled by NAAC on 2.12.2024 & 3.12.2024.

Our college secured a good grade of B++ with 2.83 CGPA valid upto March 19, 2030. We received the accreditation certificate and Quality Profile on March 20, 2025

OTHER ACTIVITIES

1. Arranged internship for final year students with stipend to various core companies like Schneider Electric India Pvt. Ltd., Chennai, Delphi TVS, Sriperumpudhur etc. Uniq Technologies, Chennai, PUMO Technovation India Pvt Ltd, Codeway Solutions, Chennai, Ancit Technologies, Dindigul, Popular Systems, Coimbatore
2. All the II year B.Tech. (Agricultural Engg) students and Faculty went to one day Industrial visit at Bhagavathi Tractors, Dindigul.
3. Placement training was given to the students 1 hour every week
4. Received Best SPOC Award from Naan Mudhalvan Team sponsored by Tamil Nadu Government
5. Incubation Centre started

FUTURE PLAN

- Conduct workshops, symposiums, national, and international conferences.
- Encourage faculty to publish in reputed journals to improve research output and CSR grades.
- Increase conference paper publications with faculty and student collaboration.
- Focus on publications in:
 - International Journal of Community Research and Engagement
 - Journal of CSR and Environment Management
- Link CSR projects to academic outcomes and plan joint publications with students.
- Motivate faculty to:

Register for Ph.D. programs

Publish in Scopus/SCI/UGC Care journals

- Obtain recognition as a research centre and apply for funded projects.
- Organize regular Faculty Development Programs (FDPs).
- Encourage students to appear for GATE and other competitive exams.
- Aim to produce Anna University rank holders and improve exam results.
- Set up laboratories and infrastructure up to the 7th semester.
- Organize bridge courses in Mathematics and Physics for first-year students.
- Implement a “Slow Learner Support Scheme” with remedial classes and peer tutoring.
- Strengthen student participation in:
 - Science Club
 - Literary Club
 - Fine Arts Club
- Conduct monthly student events like debates, science quizzes, poetry competitions, and exhibitions.
- Facilitate placement offers in Tier-1 companies and ensure 100% placement.
- Invite industrial experts and scientists for guest lectures.
- Encourage faculty and students to attend FDPs, MOOCs (NPTEL/SWAYAM), and conferences.
- Promote environmental initiatives like:
 - Manure preparation through compost pits
 - Biogas collection from agricultural waste
- Support student involvement in:
 - Tree planting
 - Waste segregation
 - Energy-saving campaigns
- Conduct outreach programs on environmental awareness and digital literacy in nearby villages (via NSS).
- Organize personality development programs, communication skill workshops, and motivational talks.
